Summary

Based on: Katarzyna Marciniak, Elżbieta Olechowska, Joanna Kłos, Michał Kucharski (eds.), *Polish Literature for Children & Young Adults Inspired by Classical Antiquity: A Catalogue*, Faculty of "Artes Liberales", Warsaw: University of Warsaw, 2013, 444 pp.

Adaptation of the *Odyssey*, structured as a school text with description of main characters and topics. Odysseus journeys home after the fall of Troy. The Greek hero is trying to get back to his homeland, Ithaca, after the ten-year Trojan War. Unfortunately, because he blinded Cyclops Polyphemus, the son of Poseidon, the god of the sea cursed Odysseus forcing him to wander the sea for ten years, during which time he was fated to lose all his crew and to return home aided by others. After a long journey and many deadly adventures, he came back to Ithaca, but had to defeat the suitors whose aim was to persuade Penelope to marry one of them, and while doing so to fully enjoy hospitality of Odysseus household. He vanquished all of the suitors and the family of Odysseus, Penelope and their son Telemachus could finally live happily ever after (as distinct from the original ending in Homer's *Odyssey*) – there is a short mention about Odysseus' second expedition to appease Poseidon, but at the end of the story he returns for the second time and lives with his wife and son until his death from the sea.

The book also includes elements based on the other Homeric epic, the *Iliad*: abduction of Helen, the ire of Achilles, the duels: Paris and Menelaus, Achilles and Hector; the embassy of Priam and the fall of Troy.

Analysis

The book is published as an educational aid, with many indexes, two synopses, the use of bold text and marginalia, etc. Although some research issues are referred to (for example, the Homeric question, p. 76), only summary answers are provided and interpretations, and contexts are limited. In her comments, Renata Sołtys, the book's editor, states that Ludwiczak followed the model of Jan Parandowski in his 1953 prose translation of the *Odyssey* (p. 76).

Ludwiczak's text is written in a simple and concise style and may encourage the reader to reach for the original.
