Additional information

Summary	This book contains colourful stickers and illustrations. Each page shows a description of a Greek god for whom the child needs to find the corresponding sticker. Furthermore, there are several stories in the book containing moral lessons on teamwork, winning and losing, respecting nature etc.
Analysis	This book offers a fun way to learn about the Greek gods. The illustrations are vivid, colorful and represent the 12 Olympians. There are several main stories with valuable lessons. For example, Athena and Ares are playing a game of throwing spears, and the moral is that winning isn't everything. Then we have a story about Hephaestus, who interrupts Aphrodite's beauty sleep. The short-moral stories match the roles of the gods (Hephaestus makes a lot of noise while he works, Aphrodite needs her beauty sleep, Ares is anxious to win a match; Apollo is singing, and Artemis is helping the wild animals). Besides the main story, we have short descriptions of the other gods and a place for a sticker. The brief descriptions include the god's name, siblings, favourite animal and attribute. The gods behave almost as naughty children who need to be taught how to behave by some other, more responsible god (Poseidon, Demeter, etc.) It is a lovely and light-hearted reading that should engage children. Especially since they see that the gods also need to learn some manners. This way, children are introduced to the different attributes of the gods but also get more familiar with the characters through the short stories.
