Nick Willing , b. 1961
(Director)

British film and television writer and director. Born in London to an English father (artist Victor Willing) and a Portuguese mother (artist painter Paula Rego), Willing spent most of his childhood until age 12 in Portugal before moving to London, where he later attended The National Film and Television School graduating at the age of 21. He began his cinematographic work producing music videos and writing scripts. He is currently best known for his 2017 BBC documentary about his mother (*Paula Rego, Secrets & Stories*), several feature films (*Photographing Fairies* 1997, *Alice in Wonderland* 1999, *Doctor Sleep* 2002, *The River King* 2004, *Altar* 2014), and a number of TV mini-series and series, among them two inspired by Greek mythology, *Jason and the Argonauts* 2000 and *Olympus* 2015, both featured in OMC Survey.

Natasha Henstridge as Hypsipile,

Derek Jacobi as Phineus,

Dennis Hopper as Pelias,

Brian Thompson as Hercules,

Adrian Leser as Orpheus,

Olivia Williams as Hera,

Angus Macfadyen as Zeus

et al.

Summary

Zeus and Hera, looking like a young and handsome couple, peer down at mortals from heaven among the clouds. They are observing Jason's life from the murder of his father Aeëtes by his uncle Pelias, through his childhood years spent in anonymity away from his home, his return to the King's court, the forced expedition to seek the Golden Fleece for his uncle, his visit to and escape from the Amazons, the finding of the seer, the arrival in Colchis, Medea's help in getting the fleece, and escape from Colchis, to the return voyage with the fleece, Pelias' betrayal, death, and finally, his recovery of the throne and ruling happily ever after with Medea as his Queen. The divine couple Zeus and Hera influence, each separately, the course of events; Hera hides her actions from her husband, and pretends only to observe the mortals with indifference, when in fact she is countering all Zeus' moves and achieves a happy end for the mortals, in blatant contrast to the ancient sources for the myth.

This Project has received funding from the European Research Council (ERC) under the European Union's Horizon 2020 Research and Innovation Programme under grant agreement No 681202, *Our Mythical Childhood… The Reception of Classical Antiquity in Children's and Young Adults' Culture in Response to Regional and Global Challenges*, ERC Consolidator Grant (2016–2021), led by Prof. Katarzyna Marciniak, Faculty of "Artes Liberales" of the University of Warsaw.

Analysis	Gideon Nisbet (p. 62, see in Further Reading) in his mention of the miniseries focuses on the elimination from the story of Hylas, Hercules' love interest. Downplaying or simply not including any homosexual allusions in the miniseries is a typical example of presenting Greek myths for children. The whole design of the series showing the gods as giants in the sky who look down on the mortals and manipulate them like puppets, emphasizes its fairy-tale character. The death of Medea's brother looks not like a heinous fratricide but an act of pure self-defence against a duplicitous and unscrupulous prince. The happy ending for Jason and Medea is even mirrored by a reconciliation between Zeus and Hera. Willing's *Jason and the Argonauts* is mythological fairy-story, complete with successfully completed trials for the protagonist and just deserts for all characters, mortal and divine.
